

SPIRAL TUBE FLUE GAS HEAT EXCHANGER (OEM)

**The new spiral tube flue gas heat exchanger for
CHP units up to 20 kW_{el}: high heat recovery yield
and very easy maintenance.**

Highlights of our new spiral tube flue gas heat exchanger:

- **High heat recovery yield**
- **Small and compact**
- **Low pressure drop**
- **Corrosion-resistant**
- **Optionally also available without a water-bearing cooling jacket**
- **Very easy maintenance and cleaning: just unscrew front cover, remove spiral tube and clean. Job done.**
